AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, William J. Smith, of the United States, from Italy,
do hereby certify that I have caused the surgeon of said vessel sailing therewith, or the surgeon
employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the
foregoing Lists or Manifest Sheets, XXX in number, and that from the report of said surgeon and from my own
investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by
section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in
said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 11th day of Oct, 1924,
at Trieste,
W. J. Smith
Immigration Officer.

Master Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Last name) — Steamship lines should make no entries in this column. The space
is for use of Government officials only.
Column 3 (Age) — The answer in this column should be expressed in years or months, the latter
only for those under 1 year of age.
Column 4 (Sex) — The entry should be either M (male) or F (female).
Column 5 (Married or single) — The answer should be M (married), S (single), Wd (widowed), or
D (divorced).
Column 7 (Calling or occupation) — The entry should describe as accurately as possible the occupa-
tion, trade, or profession of each alien arrived, as, for example, Civil engineer, elementary mechanic, house-
hold servant, painter, musician, hotel porter, steel worker, farm laborer, coal miner, etc., and not
simply a laborer, porter, musician, etc., or other indefinite description.
A distinction should be made between farmers and farm laborers, regardless of the amount of money
shown, as follows:
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the owner or tenant.
Should the passenger make this distinction on the manifest, and corrections should be made,
if necessary, by inspectors and registry clerks during the permanent examination of alien arrivals.
Column 8 (Date of last visit) — This column is provided and contains the following question:
"What kind of last visit, if exemption is claimed, upon what ground?" In answering this question
the passport or other document upon which exemption is claimed should be stated. If alien is unable to read and claims
exemption from the testing requirement, the ground for such exemption should be given.
Column 9 (Nationality) — Question 9 should be considered to mean the country of which alien is a
citizen or subject.
Column 10 (Race or people) — See list of races printed on back of this sheet. The entry should show
the race or people given in said list.
Special attention should be paid to the distinction between race and the country of which citizen or
subject, country of last permanent residence, and country of birth, and manifests should be carefully
checked by inspectors and registry clerks in this regard. For instance, "French" appearing under the
head of country does not mean "French" by race or people, and, similarly, "French" appearing under
the head of race or people does not mean "French" by country. An Irish, German, or Italian alien by
misapprehension may be entered under the heading of husband, Switzerland, or any other country. In this
connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AMERICAN NEGRO.

"American Negro" refers to the Negro people of the United States, whether born in the United States or born in other countries and brought to the United States.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of
Piedmont, Lombardy, Veneto, and Friuli) and their descendants, whether born in those compartments,
land, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these
people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compart-
ments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia,
Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these
people speak a dialect of the Italian language.

Column 11 (Last permanent residence) — A foreign or non-permanent residence of one year shall constitute
permanent residence. The last country in which alien resided with the intention of remaining one year
or more shall be his last permanent residence, regardless of length of actual residence therein. The evidence
in column 11 should show the country and city or town of last permanent residence. It is immaterial
whether the alien is a citizen or subject of that country, or whether he is a resident of that country for
purposes of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of those who are permanent residents of the United States and
are returning from a visit abroad should be recorded as "United States."

Column 12 (Name and complete address of nearest relative or friend in country whence alien came) — The
entry should give name and address of such relative. If no such relative living, give name and address
of friend.

Column 13 (Final destination) — The answer to this question shall show the intended future permanent
residence. An intended residence of one year shall constitute permanent residence. The entry should
show definitely the place (city or town) of intended future permanent residence, if within the United
States; country, if outside the United States.

Column 14 (Whether having a ticket to each final destination) — The answer should be either Yes (ticket)
or No (no ticket).

Column 15 (By whom was passage paid) — The entry should show definitely, by whom passage was
paid, as self, husband, father, brother, or other resident; friend; steamship company, etc.

Column 16 (If ticket is possession of alien, and if so, how long) — The answer should be (a) each alien
(individual or family) the alien's country of origin, and (b) the date of issue of the ticket. Money brought by the alien or family should
not be included among the alien's money, if any.

Column 17 (If alien has been in the United States before, and if so, when and where) — The answer should
show whether or not (1) he or she has been in the United States before, and if so, the year or years of year, and
place, as, 1894, New York.

Column 18 (Whether going to join relative or friend, and if so, what relative or friend) — The answer
should show whether going to join a relative or friend, and if so, what relative or friend, with name
and complete address.

Column 19 (If alien is a member of a labor union, and if so, when and where) — The answer should
show whether or not (1) he or she is a member of a labor union, and if so, the year or years of year, and
place, as, 1894, New York.

Column 20 (If alien is a member of a labor union, and if so, when and where) — The answer should
show whether or not (1) he or she is a member of a labor union, and if so, the year or years of year, and
place, as, 1894, New York.

LIST OF NAMES OR FIRM,

"House of people" is also determined by the "household" relations, and the "household" is a social unit. I have been struck by the fact that in the English, the notion seems to be used only to assess the "household" (the "household")

DISCUSSION OF THE RESULTS

The results of the experiment are shown in the following table. The first column gives the values of the parameter α and the second column gives the corresponding values of the function $f(\alpha)$.

TABLE I. Values of α and $f(\alpha)$ for different values of the parameter β .

The values of α are given in the first column and the values of $f(\alpha)$ are given in the second column. The values of α are taken from the range 0 to 1, and the values of $f(\alpha)$ are taken from the range 0 to 1. The values of α are given in the first column and the values of $f(\alpha)$ are given in the second column. The values of α are taken from the range 0 to 1, and the values of $f(\alpha)$ are taken from the range 0 to 1. The values of α are given in the first column and the values of $f(\alpha)$ are given in the second column. The values of α are taken from the range 0 to 1, and the values of $f(\alpha)$ are taken from the range 0 to 1.

CONCLUSION

The results of the experiment show that the function $f(\alpha)$ is a decreasing function of α . The values of $f(\alpha)$ are given in the second column of the table. The values of α are given in the first column of the table. The values of α are taken from the range 0 to 1, and the values of $f(\alpha)$ are taken from the range 0 to 1.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, **GEORGE FRIED MASTER**, of the S.S. **PRESIDENT ROOSEVELT**, from **BETWEEN & WAY PORTS**, do solemnly, sincerely, and truly **SWear** that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, **2** in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

George Fried

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron miller, wood turner, etc., and not simply as engineer, polisher, miller, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 8 (*Ability to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)." In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "France" appearing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Hebrew alien by race might properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

" refers to the people of Central and South America of Spanish descent.

AMERICAN (GENERAL).

" refers to the people of North America, including both British and other subjects of the United States, and also to the people of the United States who are not subjects of the United States.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; association; company, etc.

Column 17 (*If under 18, possession of \$20, and if less, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States; and if so, when and where*).—This column should show whether or not "Yes or No" in the United States before; and if so, the year (or years) and place, as, 1890, New York.

Column 19 (*Whether going to join relative or friend; and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend; and if so, what relative or friend, with name and complete address.

Column 20 (*By whom*).—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspectors during the examination of aliens. However, in answering questions on if alien has been deported within one year and the necessity of having the manifest sheet to supply for admission, the necessity for such re-examination should be given.

Passage 1: The American Revolution

Section 1

Section 2

Page 1

1. The American Revolution was a war for independence from Great Britain. It began in 1775 and ended in 1783. The revolution was fought between the thirteen American colonies and the British Empire. The colonies won the war and became the United States of America.

2. The revolution was caused by many factors. One of the main causes was the British policy of taxation without representation. The British government imposed taxes on the colonies without allowing them to have a say in the process. This led to widespread anger and resistance.

3. Another cause was the British policy of restricting trade. The British government wanted to control the colonies' trade with other countries. This led to the colonies feeling that their economic freedom was being threatened.

4. The revolution was also influenced by the ideas of the Enlightenment. Enlightenment thinkers believed in the rights of individuals and the importance of government. These ideas inspired the colonists to demand more rights and self-governance.

5. The revolution was a turning point in American history. It established the United States as an independent nation and set the stage for the development of a new government. The revolution also inspired other nations to fight for their own independence.

AFFIDAVIT OF THE MASTER OR COMMANDING OFFICER, OR FIRST OR SECOND OFFICER

I, Henry Harvey, Chief Officer, of the s.s. "Belgenland", from Antwerp, do solemnly, sincerely, and truly swear that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, fourteen in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 22 day of October, 1914
at New York

Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as cook, painter, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors or registry clerks during the personal examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exempt, on what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

Special attention should be paid to the distinction between race and the country of which citizen or subject, country of last permanent residence, and country of birth, and manifests should be carefully reviewed by inspectors and registry clerks in this regard. For instance, "French" appearing under the head of country does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Polish alien by recognition properly come under the heading of England, Switzerland, or any other country. In this connection the following distinctions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (BLACK).

"African (black)" refers to the African Negro, whether coming from Cuba or other islands of the West Indies, South or South America, Europe, or Africa. Aliens born with African blood of the African Negro race, whether coming from Cuba or other islands of the West Indies, South or South America, Europe, or Africa, are also included under this heading.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Saragines) and their descendants should be classed as "Italian (south)."

Column 11 (*Last permanent residence*).—Actual or an intended residence of one year shall constitute permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The entries in column 11 should show the country and city or town of last permanent residence. It is important for statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The entry should show definitely the place (city or town) of intended future permanent residence, if within the United States, country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative, friend, steamship company, etc.

Column 17 (*Whether in possession of pay, and if so, how much*).—The answer should give in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 18 (*Whether ever before in the United States, and if so, when and where*).—The entries should show whether or not (Yes or No) in the United States before, and if so, the year (or period of years) and place, as, 1894-1897, Philadelphia.

Column 19 (*Whether going to join relative or friend, and if so, what relative or friend*).—The answer should show whether going to join either a relative or friend, and if so, what relative or friend, with name and complete address.

Columns 20 to 23.—These questions are self-explanatory and the answers, like all others on the sheet, are subject to revision by inspection officers in the examination of aliens. However, in answering question 22, if alien has been at some other port and has the means of future transportation to the port of destination, the authority for such transportation should be given.

APPENDIX 10

I, Gerard Bailey, Surgeon of United States, Swearing Allegation and truly swear that I have had first hand knowledge of the persons named herein, and that I am entitled to practice as such by and under the provisions of Article XXIV, and that I have made a personal examination of each of the persons named herein, and that the foregoing Lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such persons.

Sworn to before me this 10th day of September, 1918
at New York.

Notary Public in and for the State of New York, do hereby certify that the foregoing is a true and correct copy of the original as the same appears in my records.

AFFIDAVIT OF THE MASTER OR OTHER OFFICER OF THE SHIP OR VESSEL ARRIVING

W. H. Harvey, Master, of the *Bellevue*, from *New York*, do solemnly, swearing, and truly *swear* that I have caused the surgeon of said vessel sailing therewith, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing Lists or Manifest Sheets, *17* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this *17th* day of *June*, 19 *17*
at *New York*

W. H. Harvey
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 4 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 5 (*Sex*).—The entry should be either M (male) or F (female).

Column 6 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 7 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrival, as, for example: Civil engineer, stationary engineer, locomotive engineer, sailing engineer, brass polisher, steel polisher, iron grinder, wood turner, etc., and not simply as seaman, peon, molder, turner, or other indefinite designations.

A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as follows:

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should make this distinction on the manifests, and corrections should be made, if necessary, by inspectors and registry clerks during the physical examination of alien arrivals.

Column 8 (*Able to read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 9 (*Nationality*).—Question 9 should be construed to mean the country of which alien is a citizen or subject.

Column 10 (*Race or people*).—See list of races printed on back of this sheet. The entry should show the race or people as given in said list.

French names should be read in the distinction between race and the country of which citizen or subject, persons of first permanent residence, and country of birth, and answers should be carefully checked in answer to said question. For instance, "French" representing under the head of race or people does not mean "French" by race or people, and, similarly, "French" appearing under the head of race or people does not mean "France" by country. An Irish, German, or Italian alien by race should properly come under the heading of England, Switzerland, or any other country. In this connection the following instructions should be especially observed:

CUBAN.

The term "Cuban" refers to the Cuban people (not Negroes).

WEST INDIAN.

"West Indian" refers to the people of the West Indies other than either Cubans or Negroes.

SPANISH AMERICAN.

"Spanish American" refers to the people of Central and South America of Spanish descent.

AFRICAN (NEGRO).

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sanabria) and their descendants should be classed as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.

Column 11 (*Last permanent residence*).—Actual or intended residence of one year and one day into permanent residence. The last country in which alien resided with the intention of remaining one year or more shall be the last permanent residence regardless of length of actual residence therein. The answer in column 11 should show the country and city or town of last permanent residence. It is for passport or statistical purposes that steamship companies accurately show country of last permanent residence independent of country of temporary residence, country of birth, nationality, or race.

Country of last permanent residence of aliens who are permanent residents of the United States and are returning from a visit abroad should be recorded as "United States."

Column 12 (*Name and complete address of nearest relative or friend in country whence alien came*).—The entry should give name and address of such relative. If no such relative living, give name and address of friend.

Column 13 (*Final destination*).—The answer to this question shall show the intended future permanent residence. An intended residence of one year shall constitute permanent residence. The answer should show definitely the place, city or town of intended future permanent residence, if within the United States; country, if outside the United States.

Column 14 (*Whether having a ticket to such final destination*).—The answer should be either Yes (ticket) or No (no ticket).

Column 15 (*By whom was passage paid*).—The entry should show definitely by whom passage was paid, as self, husband, father, brother, or other relative; friend; steamship company; etc.

Column 16 (*Number in possession of \$20 and of less than \$20*).—The answer should be given in each case (individual or family) the exact amount of money shown. Money brought by the head of a family should not be divided among the several members of the family.

Column 17 (*When last before in the United States, and if so, when and where*).—The answer should show whether or not in the United States before, and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 18 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 19 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 20 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 21 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 22 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 23 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 24 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Column 25 (*Whether ever in possession of final and if so, when and where*).—The answer should show whether or not in possession of final and if so, the year or period of previous visit, and if so, the year or period of previous visit.

Sworn to before me this 20 day of August, 1919, at New York

and I have made a personal examination of each of the aliens named herein, and that the foregoing lists or Manifest Sheets, in number, according to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 20 day of August, 1919, at New York

(Signature and title of immigration officer or other official authorized to administer oaths)

Note.—If a surgeon sails with the vessel, this affidavit of verification shall be executed before an immigration officer at port of arrival, and any changes that may have occurred en route in the list of passengers shall be reported to the nearest immigration officer before the vessel's departure. If no surgeon sails with the vessel, the affidavit of verification shall be executed at the port of departure before some officer authorized to administer oaths.

LIST OF RACES OR PEOPLES

"Race or people" is to be determined by the stock from which aliens sprang and the language they speak. The original stock or blood shall be the basis of the classification, the mother tongue to be used only to assist in determining the original stock.

I, George H. H. H., of the United States, do hereby certify that I have caused the signature of each and every of the persons named in the foregoing Lists or Manifest Sheets, 17 in number, and that from the report of said signature and from my investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said Lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this 2nd day of June, 1917,
at San Francisco,
James H. H. H.
Immigration Officer.

INSTRUCTIONS FOR FILLING ALIEN MANIFESTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (Head-tax status).—Steamship lines should make no entries in this column. The space is for use of Government officials only.
Column 4 (Age).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.
Column 5 (Sex).—The entry should be either M (male) or F (female).
Column 6 (Married or single).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).
Column 7 (Calling or occupation).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example, coal engineer, stationary engineer, locomotive engineer, mining engineer, brass polisher, steel polisher, iron molder, wood turner, etc., and not simply as engineer, polisher, molder, turner, or other in its descriptive.
A distinction should be made between farmers and farm laborers, regardless of the amount of money shown, as income.
A farmer is one who operates a farm, either for himself or for others.
A farm laborer is one who works on a farm for the man who operates it.
Steamship companies should make the distinction on the manifest, and corrections should be made, if necessary, by inspectors and registry clerks during the present examination of alien arrivals.
Column 8 (Ability to read and write).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground?)". In answering this question the language of the alien is to be read, not the language of the country of birth. If the alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.
Column 9 (Language).—Question 9 should be construed to mean the country of which alien is a citizen, or, if exempt, the country of birth.
Column 10 (Race or people).—See list of races printed on back of this sheet. The entry should show the race of people as shown on list.
Column 11 (Country of birth).—The distinction between race and the country of which citizen or subject is to be observed. The country of birth and country of citizenship should be shown, as, for example, "Italian (north)" or "Italian (south)".
Column 12 (Final destination).—The answer to this question should show the intended future permanent residence of the alien, as, for example, "United States" or "Italy". If the alien is a permanent resident of the United States, the answer should be "United States". If the alien is a permanent resident of Italy, the answer should be "Italy". If the alien is a permanent resident of any other country, the answer should be the name of that country.
Column 13 (Name and address of nearest relative).—The answer to this question should show the name and address of the nearest living, free-born and citizen of the United States, or of Italy, or of any other country, to which the alien is a permanent resident.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i. e., compartments of Piedmont, Lombardy, Venetia, and Friuli) and their descendants, should be classified as "Italian (north)." Most of these people speak a Gallic dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the basin of the River Po (i. e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily and Sardinia) and their descendants, should be classified as "Italian (south)." Most of these people speak a Gallic dialect of the Italian language.
Column 14 (Final destination).—The answer to this question should show the intended future permanent residence of the alien, as, for example, "United States" or "Italy". If the alien is a permanent resident of the United States, the answer should be "United States". If the alien is a permanent resident of Italy, the answer should be "Italy". If the alien is a permanent resident of any other country, the answer should be the name of that country.
Column 15 (Name and address of nearest relative).—The answer to this question should show the name and address of the nearest living, free-born and citizen of the United States, or of Italy, or of any other country, to which the alien is a permanent resident.

OTHERS.

The term "Other" refers to the Cuban people (not Spanish).

WHITE INDIAN.

"White Indian" refers to the people of the United States who are of the Caucasian or Negro race.

REMARKS.

"Remarks" refers to the space at the bottom of the manifest for any other information.

REMARKS.

"Remarks" refers to the space at the bottom of the manifest for any other information.

I, John J. [Signature], Surgeon of the U.S.S. [Ship Name], do hereby certify that I have read the foregoing Lists or Manifest Sheets, and that I am entitled to practice as such by and under the authority of [Signature], and that I have made a personal examination of each of the aliens named herein, and that the foregoing Lists or Manifest Sheets, insofar as they relate to the best of my knowledge and belief, are full, correct, and true in all particulars, relative to the mental and physical condition of such aliens.

Sworn to before me this 10 day of April, 1918
at San Francisco

The people who are native to the basin of the River Po in northern Italy (i. e., the inhabitants of Piedmont, Lombardy, Veneto, and Friuli) are the *linguisti italiani*, and they are called "Italians" in English. In the United States, however, the word "Italian" is usually understood to mean the people of the Italian peninsula, and the people of the Po basin should be classed as "Italian (northern)." Most of these people speak a Gallic dialect of the Italian language.

The people who are native to that portion of Italy south of the basin of the River Po, i. e., Campania, Abruzzo, Basilicata, Calabria, Sicily, and Sardinia, and the islands adjacent to Sicily, are called the Southern Italians.

solemnly, sincerely, and truly *testifies* that I have caused the surgeon of said vessel, or the surgeon employed by the owners thereof, to make a physical and mental examination of each and all of the aliens named in the foregoing lists or Manifest Sheets, *17* in number, and that from the report of said surgeon and from my own investigation, I believe that no one of said aliens is of any of the classes excluded from admission into the United States by section three of the Immigration Act, and that also, according to the best of my knowledge and belief, the information in said lists or Manifests concerning each of said aliens named therein is correct and true in every respect.

Sworn to before me this *2nd* day of *October*, 19*17*,

INSTRUCTIONS FOR FILLING ALIEN IMMIGRANTS

Presented to the Senate of the United States at the City of New York, October 19, 1914

INSTRUCTIONS FOR FILLING ALIEN IMMIGRANTS

Separate sheets should be prepared for each port at which passengers embark.

Column 2 (*Head-tax status*).—Steamship lines should make no entries in this column. The space is for use of Government officials only.

Column 3 (*Age*).—The answer in this column should be expressed in years or months, the latter applying only to those under 1 year of age.

Column 4 (*Sex*).—The entry should be either M (male) or F (female).

Column 5 (*Married or single*).—The answer should be M (married), S (single), Wd (widowed), or D (divorced).

Column 6 (*Calling or occupation*).—The entry should describe as accurately as possible the occupation, trade, or profession of each alien arrived, as, for example: (a) engineer, stationary engineer, locomotive engineer, miner, carpenter, house painter, steel painter, iron molder, wood turner, etc., and not simply as engineer, painter, molder, turner, or other indefinite designations.

A line should be made between farmers and farm laborers, regardless of the amount of money shown on the return.

A farmer is one who operates a farm, either for himself or for others.

A farm laborer is one who works on a farm for the man who operates it.

Steamship companies should mark (a) the instructions on the passports, and corrections should be made, if necessary, by inspectors and registry clerks during the personal examination of alien arrivals.

Column 7 (*Can read and write*).—This column is subdivided and contains the following question: "Read what language (or, if exemption is claimed, upon what ground)?" In answering this question the language or dialect the alien is able to read should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 8 (*Country of birth*).—Question 8 should be construed to mean the country of which alien is a citizen, or subject.

Column 9 (*Place of birth*).—See list of places printed on back of this sheet. The entry should show the name of the place of birth, and not the name of the country.

Column 10 (*Place of birth*).—This column is subdivided and contains the following question: "Place of birth (or, if exemption is claimed, upon what ground)?" In answering this question the place of birth should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

Column 11 (*Place of birth*).—This column is subdivided and contains the following question: "Place of birth (or, if exemption is claimed, upon what ground)?" In answering this question the place of birth should be stated. If alien is unable to read and claims exemption from the reading requirement, the ground for such exemption should be given.

ITALIAN (NORTH).

The people who are native to the basin of the River Po in northern Italy (i.e., compartments of Piedmont, Lombardy, Veneto, and Emilia) and their descendants, whether residing in Italy, Switzerland, Austria-Hungary, or any other country, should be classed as "Italian (north)." Most of these people speak a dialect of the Italian language.

ITALIAN (SOUTH).

The people who are native to that portion of Italy south of the River Po (i.e., compartments of Liguria, Tuscany, the Marches, Umbria, Rome, the Abruzzi and Molise, Campania, Apulia, Basilicata, Calabria, Sicily, and Sardinia) and their descendants should be classed as "Italian (south)." Most of these people speak a dialect of the Italian language.

The second part of the paper is devoted to the study of the asymptotic behavior of the solutions of the system (1.1) as $\epsilon \rightarrow 0$. In this case, the system (1.1) is reduced to the system (1.2). The asymptotic behavior of the solutions of the system (1.2) is studied in the next section.

Separate sheets should be prepared for each port at which passengers embark.

Thus, the above analysis implies that the growth of the growth rate Ω is $\Omega \propto \sqrt{1 - \alpha}$ for $\alpha \ll 1$. Hence, the growth rate is independent of α for $\alpha \gg 1$. The growth rate is also independent of α for $\alpha \ll 1$ and $\alpha \gg 1$. The growth rate is also independent of α for $\alpha \ll 1$ and $\alpha \gg 1$.

• **Figure 10-10** illustrates the relationship between the number of units produced and the total cost of production. The total cost curve is U-shaped, reflecting the law of diminishing returns. The curve starts at the origin (0,0) and rises steeply at first, then more gradually, and finally levels off as production increases. The curve is composed of three segments: a short-run segment, a long-run segment, and a very long-run segment. The short-run segment is the steepest part of the curve, representing the initial phase of production where the law of diminishing returns is most pronounced. The long-run segment is the middle part of the curve, where the law of diminishing returns is still applicable but the rate of increase in total cost is slower. The very long-run segment is the flattest part of the curve, where the law of diminishing returns is no longer applicable and total cost increases very slowly with production.
